Dan DiPaolo's Back!

In our printed newsletter, we talked about **Dan DiPaolo Studios** and featured his two new dinnerware patterns. But since that newsletter went to print we've discovered so much more from Dan! His mind is always stirring up new ideas, and

his hands are great at turning them into realities! We are proud to have a great selection of his handmade artwork right now: carved wall plaques and signs, figures and angels, each signed by Dan himself! We've also learned that he has created a brand new holiday collection!

Modeled after the August Moon pieces he created a few years ago, you're going to adore this new selection of snowmen santas and other winter treats! We can't wait!

Dan's New Collection of Santa's and Snowmen will be in Dixboro this November! We're working out the details for a SIGNING TOO! We'll keep you posted!

We have a whole garden area filled with vibrant plants!

What's So Special About **Proven Winners**®?

These vigorous, healthy and beautiful plants have become the fastest growing brand of plants ever... and we know why. Anyone can combine a few of these plants and create an instant spectacular "combination" pot or flower box that will be filled with color all season long. One or two small pots in any garden can really add a special look. Or, buy one of our finished pots or hanging baskets and you're done!

What's The Rave About **Waves**™?

If you haven't tried our **Wave**™ **Petunias** over the last few years, you're really missing something! These petunias are loaded with flowers and so easy, all you do

is plant them, feed them, and watch them grow! One flat of 18 plants will cover an area 3ft by 12ft so fast you won't believe it! In fact, one plant will spread an amazing 4 feet! They come in 6 colors and are also available in hanging baskets for a ball of color all summer long!

Return this entry ticket to the store by May 31st.

We've got some really great neighbors, and we never have enough room to acknowledge them for what they do for us, and the community of Dixboro!

Dixboro United Methodist Church

Moonwinks Cafe

Huron Valley Tennis Club

Humane Society of Huron Valley

It's a pleasure having them in Dixboro!

Take Note of Legacy

Whether you're trying to organize the kitchen or de-clutter the desk, we've found a bunch of new products for you! We've known for quite a while

that the *Legacy Company* makes great, high quality, American Made greeting cards, but

now we've added Deluxe Fridgemates, Magnetic Dry Erase Message Centers, files, file organizers, and more!

Journals, notepads, and notecards will help keep your thoughts organized, and *Legacy's* bestselling cork-backed coasters have dozens of beautiful designs to choose from, and are heat and water resistant!

Did you know?

That we sell nearly 10,000 jars of our Dixboro Jellies, Jams, and dressing each year! That's a LOT of sandwiches! Try a jar yourself and you'll understand why!

Fun Fridays

Join us Friday evenings (yes, we're open until 8:00!), for a relaxed visit, a free cup of coffee, and a special Friday only coupon (we'll give you one when you come in!)

Whispers In The Wind!

The best way to describe the remarkable sound of **Woodstock Wind Chimes** is: "it's as if you are listening to a perfectly tuned piano, played by the wind...". **Woodstock Chimes** are tuned to create the purest, most beautiful music intervals, incorporating tunings of scales from cultures around the globe. Come see our wonderful selection of these popular chimes, and see why they have won award after award for sound and quality.

Made In Michigan!

With the economy being what it is, we're very happy to say that we have over two dozen suppliers from right here in the state of Michigan!

Most notably: all of our delicious *Dixboro Dips* are packaged just outside of Flint, many of our clocks come from out near Grand Rapids, and our fantastic *Dixboro Soy Candles* are made right up I-75! We're also very happy to reintroduce an entire **furniture line** made right in our state's capital! We're asking you to shop locally (for which we are thankful!), the least we can do is buy locally too!

With the local economy at the forefront of everyone's mind, please take a moment to check out this website:
